CONFERENCE FRAMEWORK

The aim of the Forum is to facilitate the exchange of views and experiences between academics and practitioners regarding the role of finance in global, national, and local integration, understood as a process of linking and connecting various economic entities as well as financial systems and institutions in order to enhance efficiency and improve management. Integration may involve data from different sources combined into a coherent financial, economic, and informational system in key areas of economic and institutional activity, both domestically and internationally, across various territorial levels.

A study visit to the Regional Dairy Cooperative in Piatnica (OSM Piątnica) is scheduled for November 20, 2026, followed by the scientific part of the Forum at University of Lomza.

We cordially invite you to the Forum,

dr hab. Mirosław Wasilewski, prof. SGGW (WULS)
